MIT Fire Relief Effort

- Last Saturday a massive fire burned 11 buildings about 0.5 miles north of campus
- 9 MIT graduate students and their families (including at least one child) were displaced by the fire
- They have all found temporary housing but they have lost almost everything
- We want to extend an opportunity for community members to come together and help them in this difficult time
MIT Fire Relief Effort Details

• We have created an Amazon registry that the affected students are filling with items that they fill will be most useful to them.

• This registry can be found by searching gsc-hca@mit.edu or GSC HCA
Cost of Living/Stipend Update Committee

• Every Spring, HCA prepares a presentation for the Dean’s group detailing our recommendation for stipend changes for the coming year.
• Although ostensibly covering only Cost of Living changes, the presentation actually provides recommendations based on many other factors (competitiveness to peer institutions, etc.)

If you have an interested in raising your stipend and want to volunteer contact me!
• gsc-hca@mit.edu
Next HCA Meeting

Many other issues and initiatives to get involved with...

• Childcare
• Parental Leave
• Family subcommittee chair
• New Transportation subcommittee

Come to the next HCA meeting on Monday, December 12th at 5:30 pm (50-220)
Graduate Student Childcare Scholarship

**Past:**
- Been attempted in previous years
- 9 out of 13 peer universities have some assistance program
- Old MIT program only allowed for TCC

**Now:**
- GWAMIT/GCA/HCA
- Developing need-based portable scholarship plan
- Specifically attending to international students
- Looking to get faculty support, lots of current involvement from ODGE, Chancellor, Work-Life Center
- Contact gwamit-exec@mit.edu if you want to get involved!

Orientation 2.0!

• Taking place during IAP (Jan. 25\textsuperscript{th} – Feb. 6\textsuperscript{th})

• Purpose:
  • Provide orientation events for students arriving in Spring
  • Allow all students, especially first years, to get a refresher on campus resources

• Events:
  • Welcome Event (format TBD) – Jan. 25\textsuperscript{th}
  • Gordon Engineering Leadership Program Leadership Seminars – Jan. 19\textsuperscript{th}, 24\textsuperscript{th}, 26\textsuperscript{th}, 2\textsuperscript{nd} (tentatively)
  • Joint event with ISO and MIT Diversity Initiatives (format/date TBD)
  • Graduate Resource Fair – Feb. 6\textsuperscript{th}
Some Details

• Gordon Leadership Seminars
  • 4 four hours modules (don’t need to attend all)
  • Potential topics
    • Forming and Leading New Teams
    • Motivating and Developing Others
    • Mastering Constructive Conflict
    • Discovering and Developing your Leadership Strengths

• Graduate Resource Fair
  • Booths set up in Walker Memorial
  • Different campus resources and student groups share information
  • Many will probably give away free stuff!
Feedback!

• What kind of format would you like to see for a welcome event?
• What would be a good/useful event for our partnership with ISO and Diversity Initiatives?
• Anything else you think belongs in Orientation 2.0?

Student Life Fee will not increase next year

• UA proposed raising the student life fee by $7-$8 for all students
  • Purpose: to increase funding for Fin Board (the UA’s equivalent of Funding Board)
• The GSC objected to this on the grounds that:
  • 1) We were not consulted in this process.
  • 2) We believe the Student Life Fee already favors undergraduates.

• Result:
  • The Student Life Fee will not increase this year
  • DSL will develop a better process for changing the Student Life Fee in the future
Where does the Student Life Fee go?

Unionization FAQs

• The Office of the General Counsel prepared some information on graduate student unionization
  • GSC Executive Committee was asked to provide feedback
  • Relatively speaking, more objective than FAQs posted by other universities…

OLD BUSINESS
We follow rules!

• Discussion occurs for the time allotted on the agenda
  • Motion to amend (be specific!)
  • Motion to extend discussion time
  • Motion to vote before discussion time is over
  • Procedural votes require more Yes votes than No votes

• Voting
  • Chair calls vote at the end of the discussion time (assuming Council does not decide to extend discussion time)
    • No Council “vote to vote” required
  • Council may decide to vote before the discussion time is over
    • Council vote required following motion to vote

• Bylaws Amendments
  • Require 2/3 approval
  • YES+NO votes do NOT need to meet quorum for Bylaw amendments
    • Abstentions do count towards quorum.

• Chair (President) decides if Council will vote with placards or clickers

NEW BUSINESS
63.gsc.9 Amendment to the Bylaws concerning the removal of Committee Chairpersons

Orpheus Chatzivasileiou and Andrew Fiore
Let’s assume that a Committee Chair is being naughty.

How do we deal with this?

Current options:

1. The committee members can vote to remove the chairperson.
   - The Bylaws provide the process for this (Article II.E)
2. Council can vote to suspend the entire committee (Article II.F).

With this amendment:

- Council now has the option to vote to remove the committee chairperson.
  - Process similar to the current one.
- Committees that elect chairs through their own operating procedures can also establish procedures for removing them.
63.gsc.10 Amendment to the Bylaws concerning Officer Affairs

Orpheus Chatzivasileiou and Andrew Fiore
1. What happens if there is a tie in an officer election?
   • Currently, the Bylaws (Article V.D.2) do not address the possibility of a tie.
     • *(The voting process) will continue until a candidate receives a majority of the votes.*
   
   • With this amendment:
     • If there is a tie, do a revote amongst the leading (tied) candidates.
     • If after 3 votes, still a deadlock, choose by a fair random method.
       • E.g. flip a coin
2. How do you impeach an Officer?
   - Currently, the Constitution says:
     - 3 people sign a petition
     - 2/3 vote to impeach
   - With this amendment:
     - Introduce a procedure by which to impeach Officers
       - Modeled after the procedure for removal of Committee Chairs
       - Involves an impeachment hearing session presided by a neutral Council member (appointed by Council)
3. What happens when an Officer is gone?
   • Currently, no provisions in the Bylaws concerning:
     • How to replace an Officer (elections happen in April)
     • What happens in the interim

• With this amendment:
  • Introduce a procedure to call for special Officer elections for the empty position
  • Officer duties shared among officers while position is empty
    • VP fills in for President
63.gsc.II Amendment to the Bylaws concerning Council Meeting Procedures

Orpheus Chatzivasileiou and Lisa Guay
1. Reconsidering legislation
   • Council can reconsider legislation if:
     • Wording or circumstances changed
     • Abstentions in earlier vote could have affected the outcome
     • Current set of officers not in place when earlier vote taken

   • With this amendment:
     • Introduce clarifications:
       • To reconsider you need a majority vote
       • If vote outcome positive, legislation is reintroduced to the legislative process.
2. A voting peculiarity

Assume QUORUM=50

<table>

<tr>
<th>Legislation 1</th>

- YES: 30
- NO: 2
- Abstentions: 1

Legislation 1B

- YES: 45
- NO: 8
- Abstentions: 1

Legislation 1C

- YES: 45
- NO: 4
- Abstentions: 5

PASSES

2. A voting peculiarity

Assume QUORUM = 50

Legislation 2A
- YES: 25
- NO: 28
- Abstentions: 1
- Fails

Legislation 2B
- YES: 49
- NO: 2
- Abstentions: 3
- Fails

Legislation 2C
- YES: 49
- NO: 0
- Abstentions: 5
- Tabled
2. Why all the weirdness?

- Currently we have 2 thresholds
  - For a vote to occur: Quorum must exist
  - For a vote on legislation to have effect: \( \text{YES} > \text{NO} \) & \( \text{YES} + \text{NO} \geq \text{Quorum} \)
    - If not, table and reconsider next session.
    - Effectively turns the “”abstention” into a “super-NO”.
  - An abstention should have no effect

- With this amendment:
  - Retain only the \( \text{YES} > \text{NO} \) part
    - Gets rid of the \( \text{YES} + \text{NO} \geq \text{Quorum} \)
63.gsc.12 Amendment to the Bylaws concerning the Election of Council Representatives

Orpheus Chatzivasileiou and Andrew Fiore
Current Council Rep. election procedures have certain peculiarities

1. If incumbent representative for at-large or constituency without governing organization
   - Written confirmation to the VP to continue serving (Sept 15th)

2. For constituencies without governing organizations
   - Have to receive applications between Sept. 15th and Oct. 8th.
   - If fewer applicants than positions → Appointment.
     - Has to be confirmed by Council.
   - Otherwise → elections
     - Election season ends on Oct. 23rd, but the Constitution says that terms begin on the 15th.
• With this amendment:
  • Remove need for written confirmation to the VP.
  • Can receive Council Rep. applications at any time and get appointed to empty seats.
    • Council does not have to approve appointments.
    • If at the beginning of October, more applicants than positions, then call for elections
      • Align election deadlines (push 1 week back) to end on the 15th.
  • Council will only vote if elections for at-large positions without a constituency are called.
    • Will not need to confirm any other appointments.
63.gsc.13 Amendment to the Bylaws concerning Finances and Spending

Orpheus Chatzivasileiou and Lisa Guay
1. Spending
   • All funds must be assigned to a line item accurately describing purpose of disbursement.
   • Committee chairs can authorize disbursements.

• With this amendment:
  • Introduce safeguards:
    • Against proposed disbursements that may not accurately be described in a line item
      • ExComm can intervene
    • Against proposed disbursements that may violate MIT Spending Policies
      • Treasurer and Financial Admin can intervene
2. Stabilization Fund

- Currently capped at 15% of previous budget outflows
  - However, the majority of our income (Career Fair) can potentially fluctuate a lot.
- Need to transfer funds in/out by March 31st.
  - But we may not have received all the Career Fair money by then.
- Currently have a process for special disbursement but no process for special replenishment.

- With this amendment:
  - Raise cap to 35%.
  - Instead of the May 31st deadline:
    - 1 month after receiving all flexible revenue, or end of fiscal year
  - Introduce a special replenishment process
    - Include a special line item in the Budget
3. Initiatives Fund

• It’s the only fund specified in the Bylaws
  • No other GSC fund is. Difficult to change if we want to.
• Some provisions are too strict
  • E.g. Requirement for funds to stay for 2 years.
    • Council shouldn’t be constrained in how they do their Budget.

• With this amendment:
  • Remove the description from the Bylaws
    • The fund will continue to exist and be run in a similar fashion.
    • Treasurer will refine how it’s run.
    • Will be listed together with all the other funds.
